New Source Review newspaper advertisements for construction permit applications, June 1, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: May 30, May 31, or June 1, 2006. Public notices are generally published every two weeks. The previous publication of public notices was May 16 - 18, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Tennessee Dickel Distilling Company</u> with a mailing address of <u>1950 Cascade Hollow Road</u>, <u>Tullahoma</u>, <u>TN 37388</u>. They seek to obtain air contaminant permits for modification of air contaminant sources located at <u>the same address</u>, as follows:

- (1) <u>High Wine Tank</u> (Division identification number: <u>16-0009-14/59359</u>). This existing operation consists of a batch process tank used to store semi-finished beverage alcohol. The requested modification is for the installation of an additional tank. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Fuss is the assigned Division person.
- (2) Whiskey Storage Tanks (Division identification number: 16-0009-20/59358). This existing operation consists of four storage tanks used to store finished beverage alcohol. The requested modification is for the installation of three additional tanks. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Fuss is the assigned Division person.

For the Coffee County "Tullahoma News"--published once on or before Thursday, June 1, 2006.

The applicant is <u>Elmo Greer & Sons, LLC</u> with a mailing address of <u>P.O. Box 730, London, KY 40473</u>. They seek to obtain an air contaminant permit (Division identification number: <u>29-0031-01/59295</u>) for construction of a <u>Portable Rock Crushing Operation</u> on <u>State Route 32, Thorn Hill, TN</u>. This proposed operation would consist of a jaw crusher, portable screens, conveyors, and associated equipment used to produce crushed rock. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would

be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Hamblen County "Citizen Tribune"--published once on or before Thursday, June 1, 2006.

The applicant is <u>River City Concrete</u> with a mailing address of <u>9160 Hwy 128 South, Savannah, TN 38372</u>. They seek to obtain an air contaminant permit (Division identification number: <u>36-0090-01/58899</u>) for a <u>Concrete Batch Plant Operation</u> located at <u>the same address</u>. This existing operation consists of cement storage silos, sand and gravel stockpiles, and associated equipment used to produce concrete which is discharged by weigh-batcher into trucks for transit mixing. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Hardin County "Courier"--published once on or before Thursday, June 1, 2006.

The applicant is <u>River City Concrete</u> with a mailing address of <u>9160 Hwy 128 South, Savannah, TN 38372</u>. They seek to obtain an air contaminant permit (Division identification number: <u>55-0100-01/58929</u>) for a <u>Concrete Batch Plant Operation</u> located at <u>850 Mulberry Avenue, Selmer, TN 38375</u>. This existing operation consists of cement storage silos, sand and gravel stockpiles, and associated equipment used to produce concrete which is discharged by weigh-batcher into trucks for transit mixing. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the McNairy County "Independent-Appeal"--published once on or before Thursday, June 1, 2006.

The applicant is <u>Cedar Hills Pet Cemetery and Crematorium</u> with a mailing address of <u>2467 Nashville Hwy.</u>, <u>Columbia, TN 38401</u>. They seek to obtain an air contaminant permit (Division identification number: <u>60-0086-01/59217</u>) for construction of a <u>Pet Crematory</u> at <u>the same address</u>. This proposed operation would consist of an incinerator to be used for cremating animal remains. Liquid propane would be used as fuel. This crematory would be equipped with an after burner for pollution control purposes. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Yousefzadeh is the assigned Division person.

For the Maury County "Daily Herald"--published once on or before Thursday, June 1, 2006.

The applicant is <u>Heritage Log Homes, Inc.</u> with a mailing address of <u>119 W. Dumplin Valley Road, Kodak, TN 37764</u>. They seek to obtain an air contaminant permit (Division identification number: <u>78-0112-02/59035</u>) for construction of a <u>Woodworking Operation</u> at <u>Smith Thomas Industrial Park, Top Flight Drive, Sevierville, TN 37764</u>. This proposed operation would consist of a planer/molder, drilling machine, and associated equipment used to finish logs. Cyclones would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Sevier County "Mountain Press"--published once on or before Thursday, June 1, 2006.

Air Pollution Control jun0106-web.doc 2

The applicant is McLillie Concrete with a mailing address of 13528 Highway 51 South, Atoka, TN 38004. They seek to obtain an air contaminant permit (Division identification number: 84-0101-01/58941) for a Concrete Batch Plant Operation located at the same address. This existing operation consists of cement storage silos, sand and gravel stockpiles, and associated equipment used to produce concrete which is discharged by weigh-batcher into trucks for transit mixing. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Tipton County "Covington Leader"--published once on or before Thursday, June 1, 2006.

The applicant is <u>Infinity Spas</u> with a mailing address of <u>2212 Buffalo Road</u>, <u>Johnson City</u>, <u>TN 37604</u>. They seek to obtain an air contaminant permit (Division identification number: <u>90-0281-01/59374</u>) for modification of a <u>Fiberglass Surface Coating Operation</u> located at <u>the same address</u>. This existing operation consists of equipment used for the manufacture of spas. The requested modification is to increase the production rate. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. T. Blake is the assigned Division person.

For the Washington County "Johnson City Press"--published once on or before Thursday, June 1, 2006.

The applicant is <u>River City Concrete</u> with a mailing address of <u>9160 Hwy 128 South, Savannah, TN 38372</u>. They seek to obtain an air contaminant permit (Division identification number: <u>91-0074-01/58930</u>) for a <u>Concrete Batch Plant Operation</u> located at <u>1041 Lawrenceburg Highway, Waynesboro, TN 38485</u>. This existing operation consists of cement storage silos, sand and gravel stockpiles, and associated equipment used to produce concrete which is discharged by weigh-batcher into trucks for transit mixing. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the "Wayne County News"--published once on or before Thursday, June 1, 2006.
